A
YEAR
TO

REMEMBER

Linda Renner

976

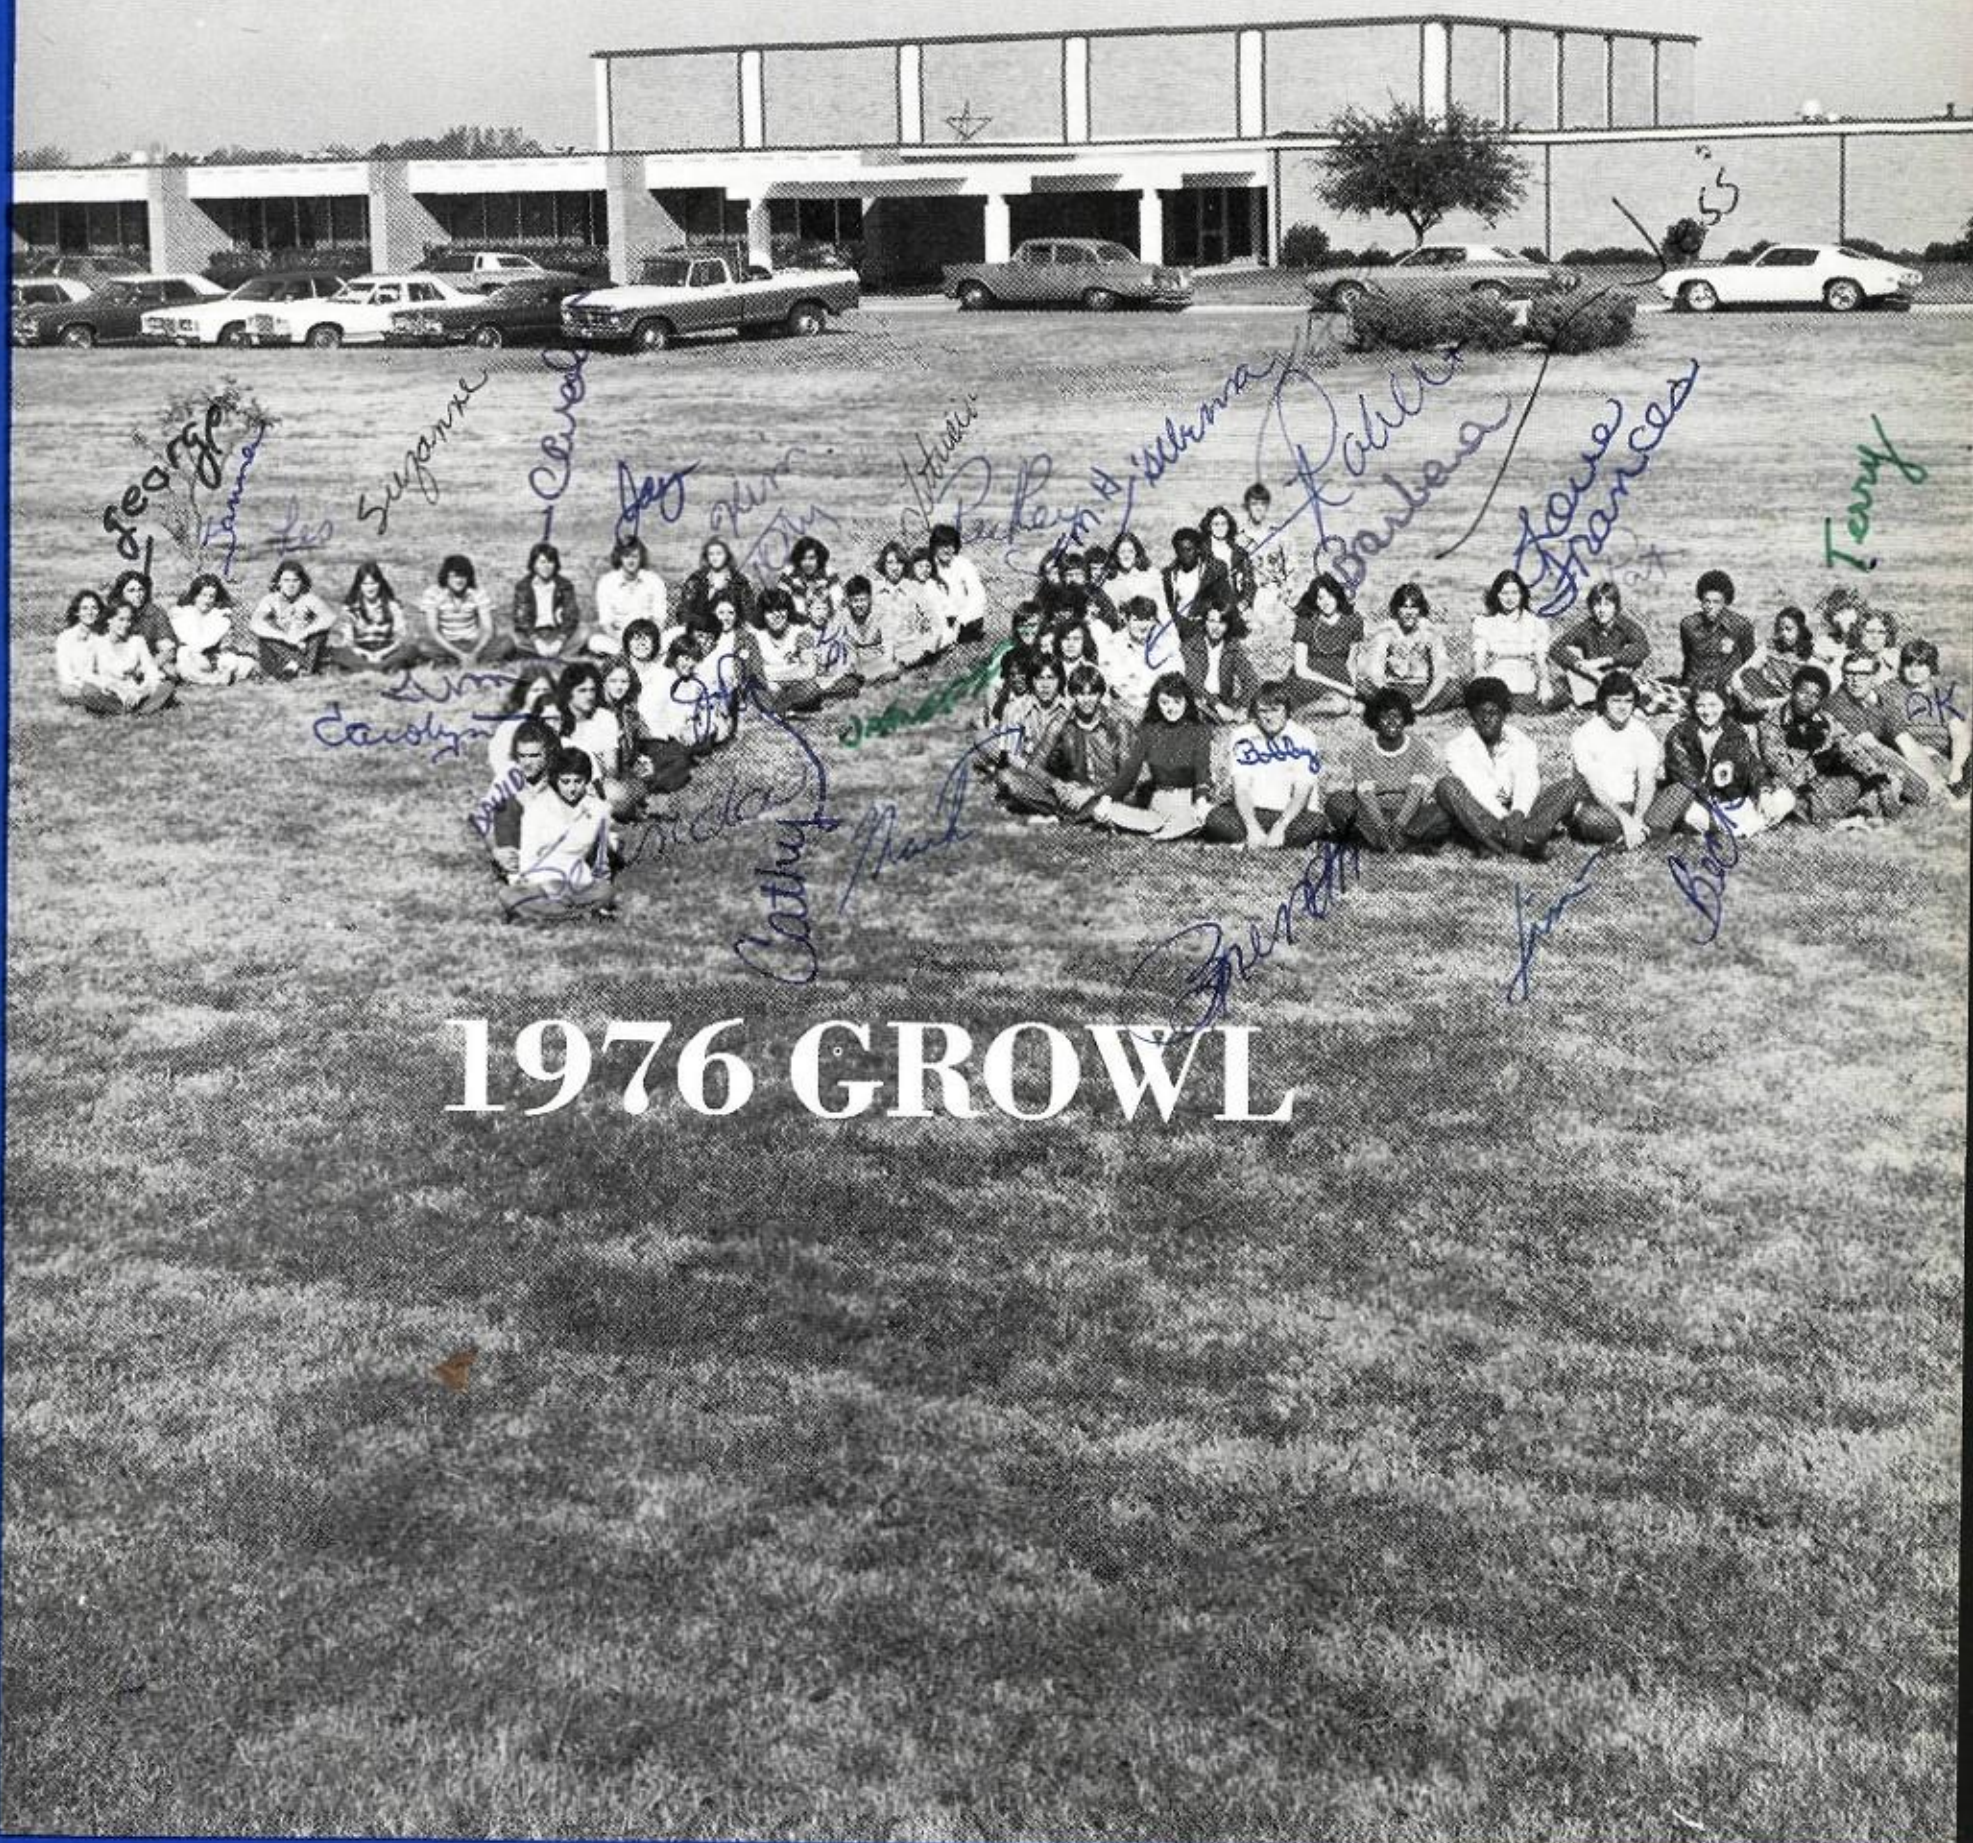

Well, I really don't know what to tell you, because so many things that are good about you. I've enjoyed every minute of this year and I think you have too, but we both know how much we'll miss it. I can't help the way I am but if I wasn't this way I wouldn't want to change. We've had many good times and then there's been the bad times, but let's remember the good times and forget the bad times. I think of you & Max as special people because at times you'll seem to understand and I thank you for that. I hope that you will always use your head and not let Max down. To me it seems like you'll were just meant for each other. If there is anything that I can ever do for either one of you I wish you would let me know because

I would be more than happy to help, even if it is just listening to you. I'll do my damndest to keep Max out of trouble and I think you know that too. I wish you the best in everything you want to do and I hope everything will turn out for the best. May God bless and we will love you always.

YEARBOOK

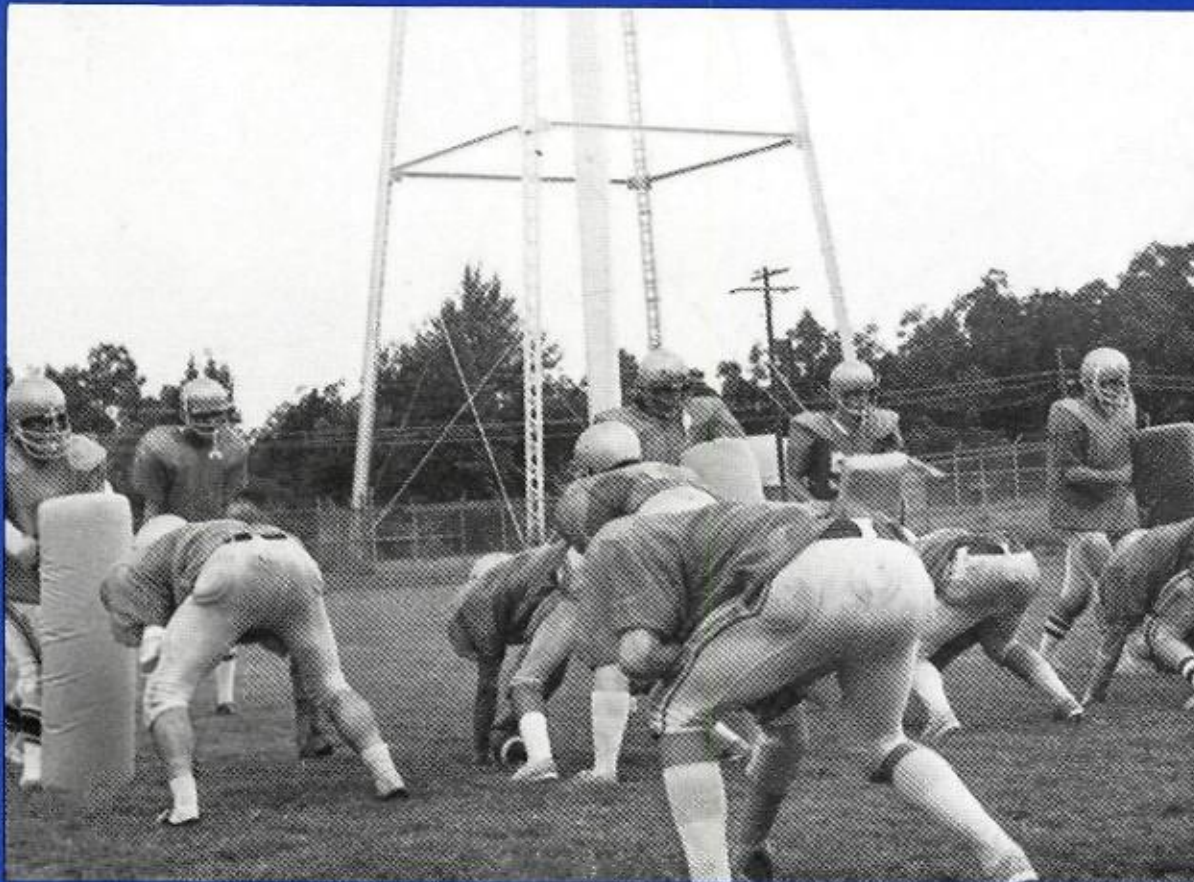

High school is the whirl of fall leaves swirling across a road at twilight. It's a gold-plated megaphone dangling from a dainty chain. It's buying all the latest fashions, then babysitting. It's meeting friends, watching the winning touchdown and experiencing the thrill and sweat of a locker room after the struggle. High school is cramming for an exam that you'd rather forget. It's a shiny bronze ring that catches the light and a charm bracelet with scattered memories. High school is growing up, and growing up is wishing you were young again.

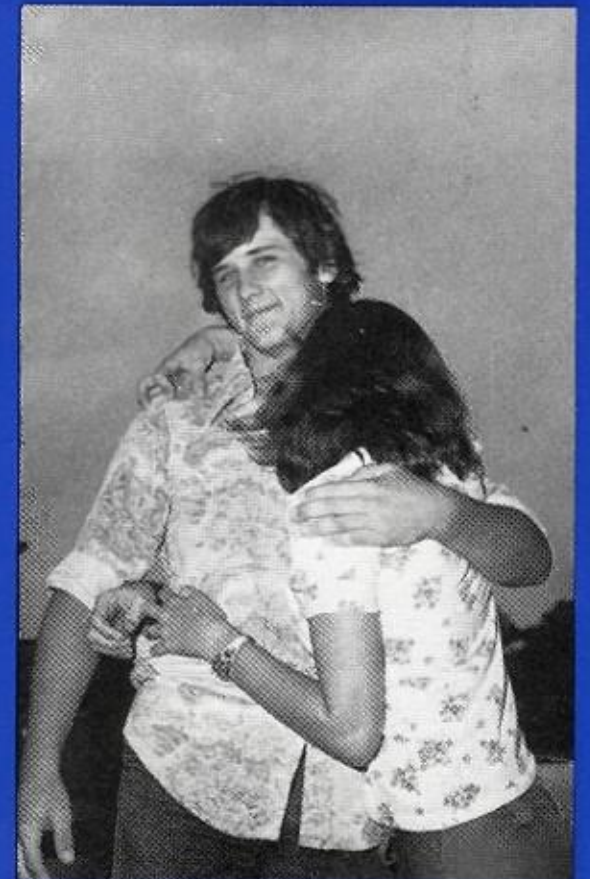

What's up, Coach?

FUTURE HOMEMAKERS OF AMERICA

A large group photograph of Future Homemakers of America members, mostly young women, seated in bleachers. The photo is annotated with numerous handwritten names in blue ink, including Sabrina, Brenda, Janyla, Shirley, Keri, Lisa, Kim, Amy, Dawn, Rachel, Stephanie, Courtney, CR, Renae, and others. The women are arranged in many rows, filling the frame. The background is a plain wall. The overall tone is formal yet personal due to the handwritten annotations.

My ideas on coaching probably come from the old saying, "It is not whether you win or lose but how you play the game." Like everyone else, I enjoy winning and like to have the girls work toward that end. However, it seems to me that you must give them the knowledge and the skills required for the sport. THEN allow the girls to work to the best of their ability. When, as competitors, they have done their best, let's hope they then realize that "their best" is all we expect of them.

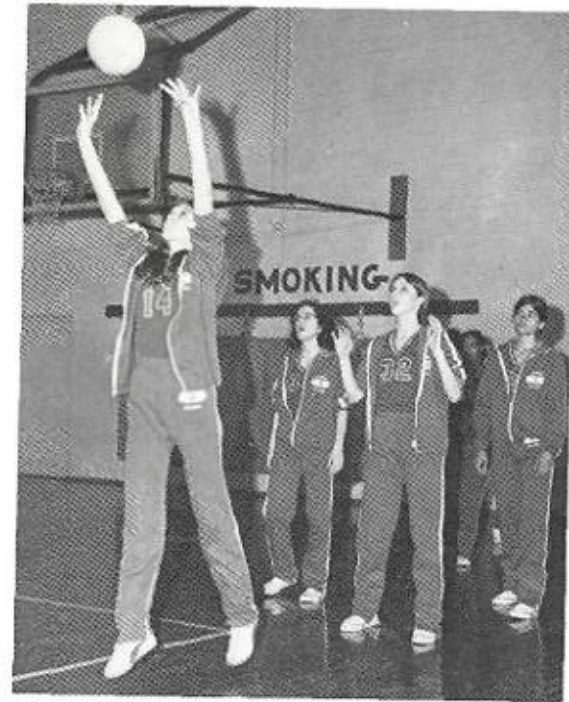

Girls in sports competition and physical education do encounter situations that are not available in the classroom. These experiences have lifetime value. Learning to win and to lose gracefully, learning to enjoy lifetime physical activities, learning to have enduring satisfaction through personal, family and community sports is worth any coach's time and effort.

Never give up

The varsity volleyball team adopted this motto by experience during the year. In many games they had to come from behind to win. Considering that they had only a few weeks of practice before the season opened, they had never played together, there was only one returning varsity player, and that they averaged about six inches shorter than every other team in the district, the year went very well. There was a battle for the district title with the deciding game between Quitman and Commerce going into post-district play. Although this game was lost, it was an exciting and rewarding season.

The '75-'76 basketball season went very well. In pre-season play, the team had a lot of good wins and finished well in the tournaments. They started district play looking very strong, but had one big stumbling block - COMMERCE. The chance to play for the district crown came down to the last game of the season against Prairiland. If we won, there would be a three way tie between Quitman, North Lamar, and Prairiland. Both teams played hard, but it just wasn't written for us.

We're all proud of our basketball team, they did a good job this season. After district play had ended, THE DALLAS MORNING NEWS rated them twelfth in the state. A nice finish, but not the one we anticipated.

Coach Delbert Ballard
Head Basketball Coach

"In coaching basketball, I feel I must be able to analyze each player according to his capabilities and his potential. I must know when to praise a player and when to correct him.

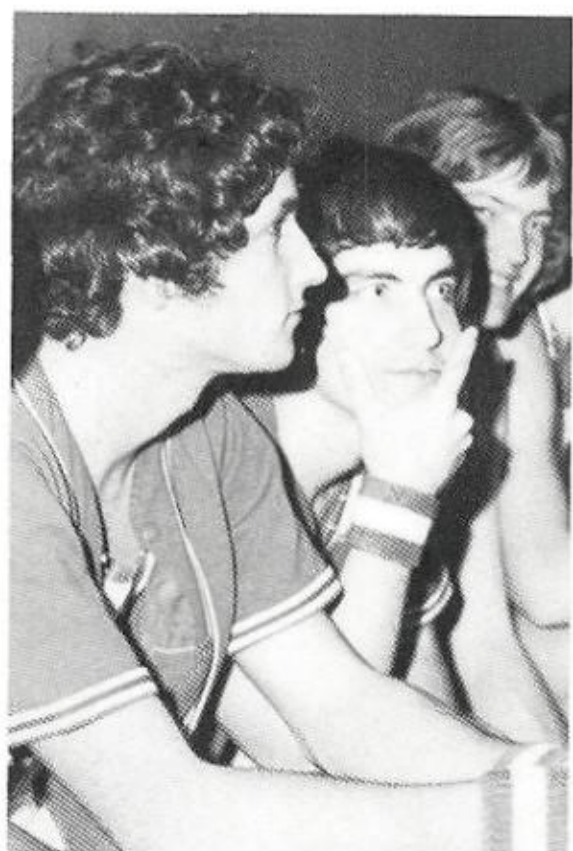

"I feel that the most important part of a coach's responsibilities to his players is to set an example that will help the boys to be better citizens after playing for him, especially from the standpoint of self-control, teamwork, desire to excel and to create a clean wholesome mind for the better things in life.

"As coaches and teachers of young men and women, we must teach our players how to be good sports as winners and, also, good sports as losers.

"I often think that IF while I have been coaching these eighteen years, that IF I have made one boy or girl a better person while playing for me, then all the successes and failures were well worth the pressures of coaching."

Coach Don Neighbors
Head Boys Track Coach

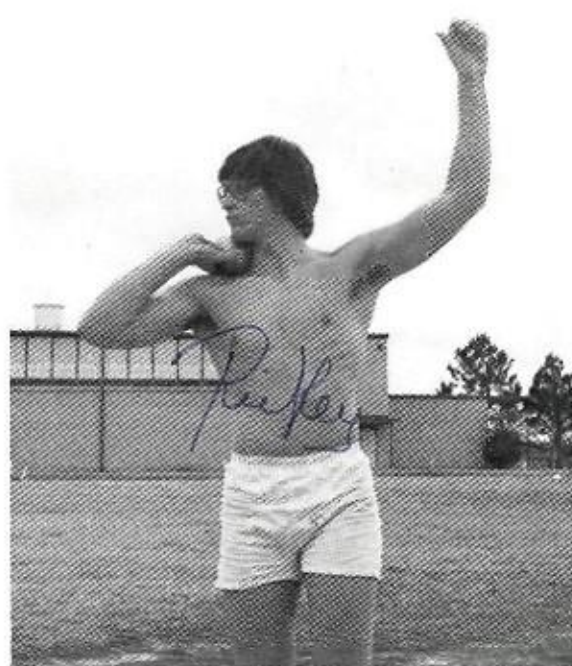

My philosophy for athletics is that it gives each youngster a chance to prove himself. Athletics provide a place for achievement and competition among a student's years that will benefit him in later life. Working with these young people provides a tremendous feeling of satisfaction for me. Seeing a young man or lady improve themselves regardless of their ability makes every effort worthwhile.

District Champs

The timing in the publishing of the GROWL doesn't allow us to acknowledge the achievements of the track teams for the school year. Therefore, we are including last year's achievements in the GROWL '76. Several boys qualified for regional at the district meet. Besides individual accomplishments, the '75 track team won the district meet.

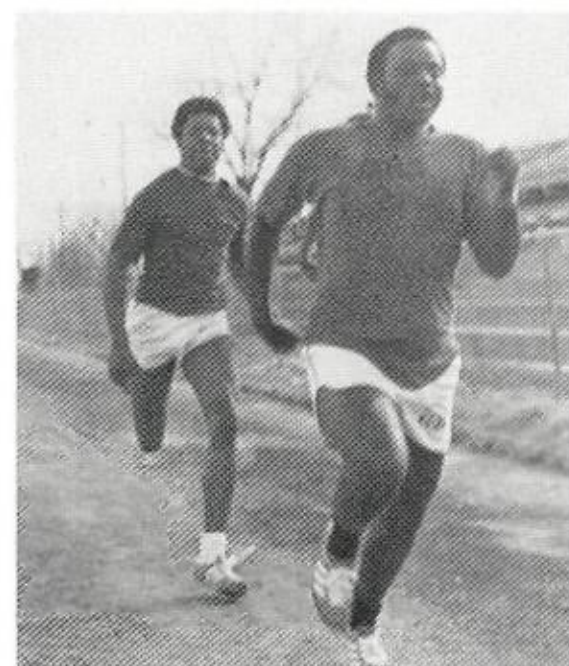

Kenzie Foley

Rickey Pinckard

Three boys qualified for the State meet at Austin, they were: Greg Clanton - Shot Put, Rickey Pinckard - Shot Put, and Kenzie Foley - High Jump.

Coach David Seago
Head Girl's Track Coach

My coaching philosophy is to set goals that exceed one's grasp; and through hard work and dedication, set out to achieve the goals.

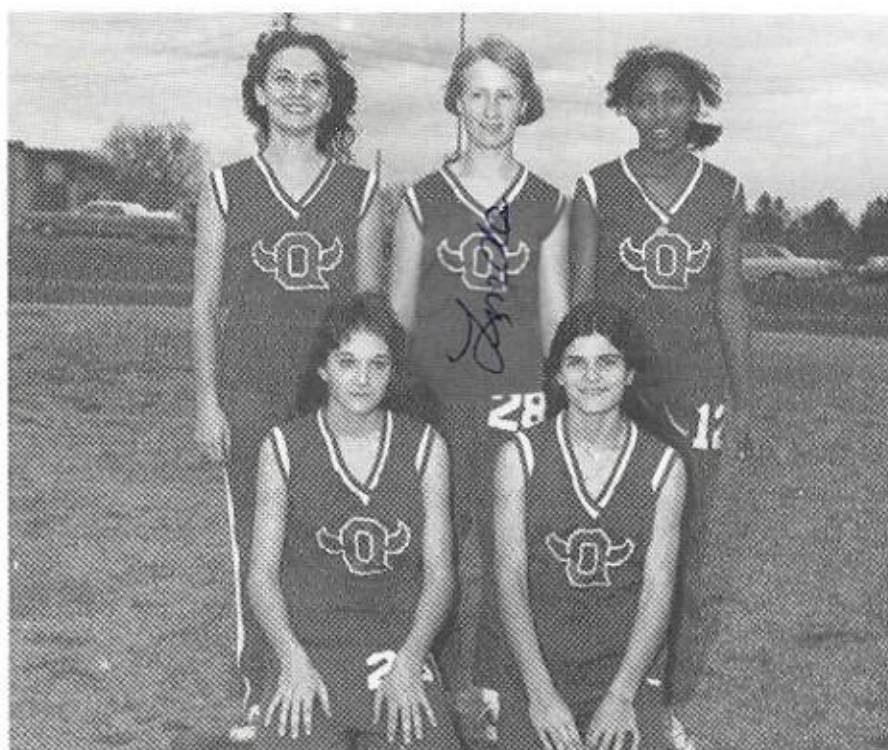

'75 HONORS

As with the boys track, the achievements shown here are for the '75 season. The girls track team came out very well last year with 11 going to regional and 9 competing at the state level.

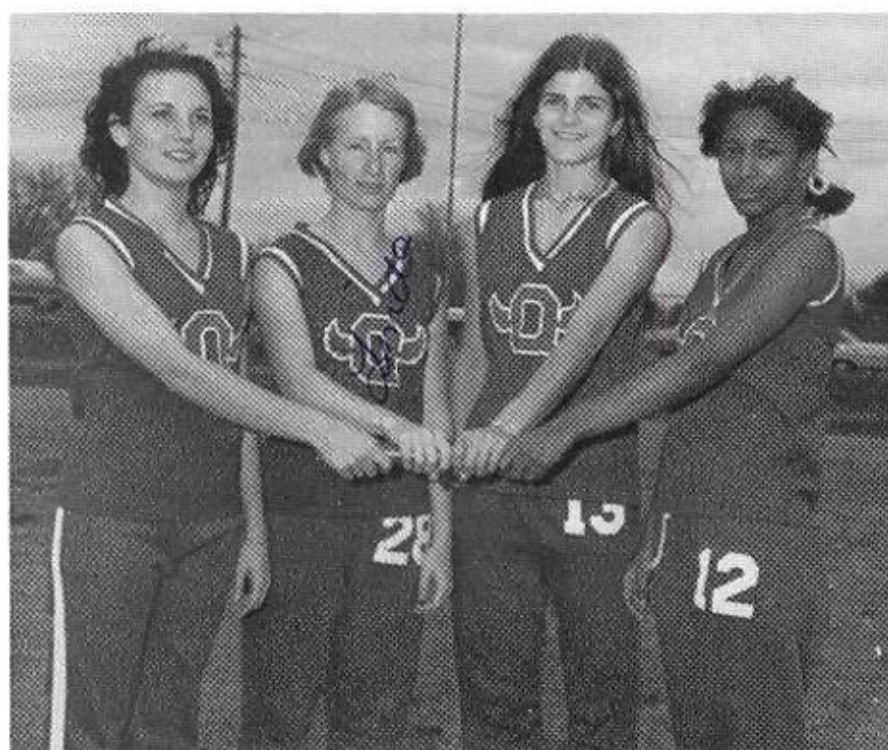

Those qualifying for the Regional meet at Arlington were: Ernestine Jackson - shot put and

discus; LaNelle Richards - long jump, 440 and 880 relays, 220 yd. dash; Jan Bussell - triple jump, mile relay; Janice Session - 80 yd. hurdles, 440 relay; Elaine Neighbors - high jump, 880 relay, mile relay; Linda Mills - 440 yd. dash, 880 yd. relay and mile relay; Sandra Harper - 880 relay; Julie Merritt - mile relay; Belinda Session - 440 relay; Lou Ann Hancock - alternate for 880 relay.

From these "winners" 9 qualified for the State meet in Austin. Ernestine qualified in the shot and discus, LaNelle made it in the long jump and 220 yd. dash. Both the 440 and 880 relays qualified.

Regional qualifiers (except '75 grads).

State qualifiers (except '75 grads).

Is something wrong?

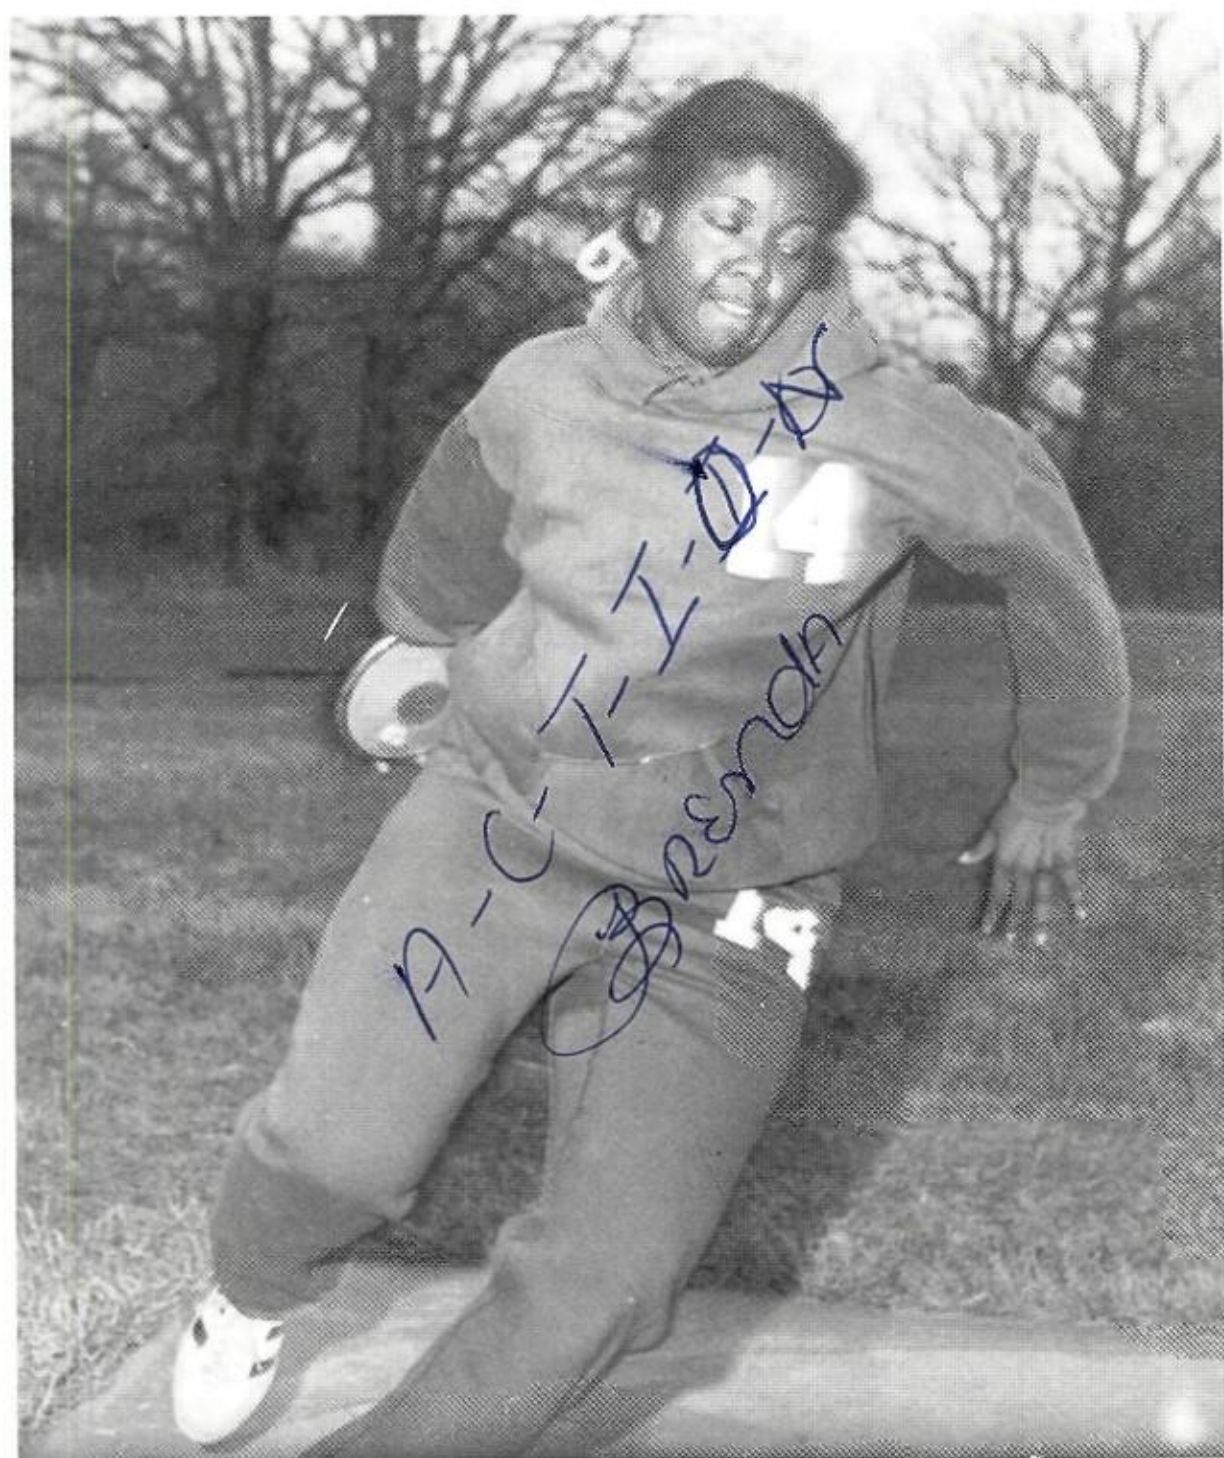

Now coming into focus.

Oh! Coach Seago!

TENNIS TEAM

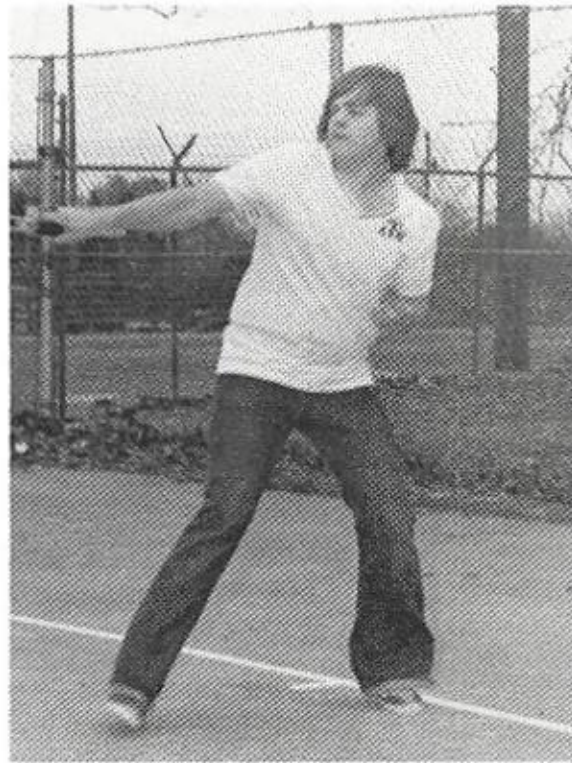

KNEELING - Brian Neighbors, Kim Duke, Dennise Atkins, Teresa Hargrove. STANDING - Stan Todd, Andy Embrey, Robert Lloyd, Pat Ware, Joel Nissen, Robin Ballard.

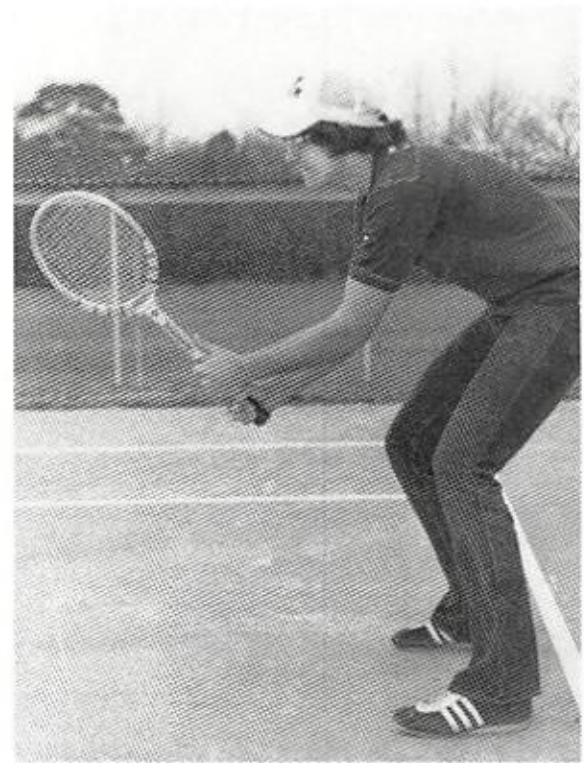

Traditionally, tennis in Quitman receives very little support. With enthusiasm for the sport growing all over the country, the size of the tennis team also seems to be growing. Almost any day of the week the tennis courts are full of people waiting for a chance to play. With more players, we're looking forward to a good season.

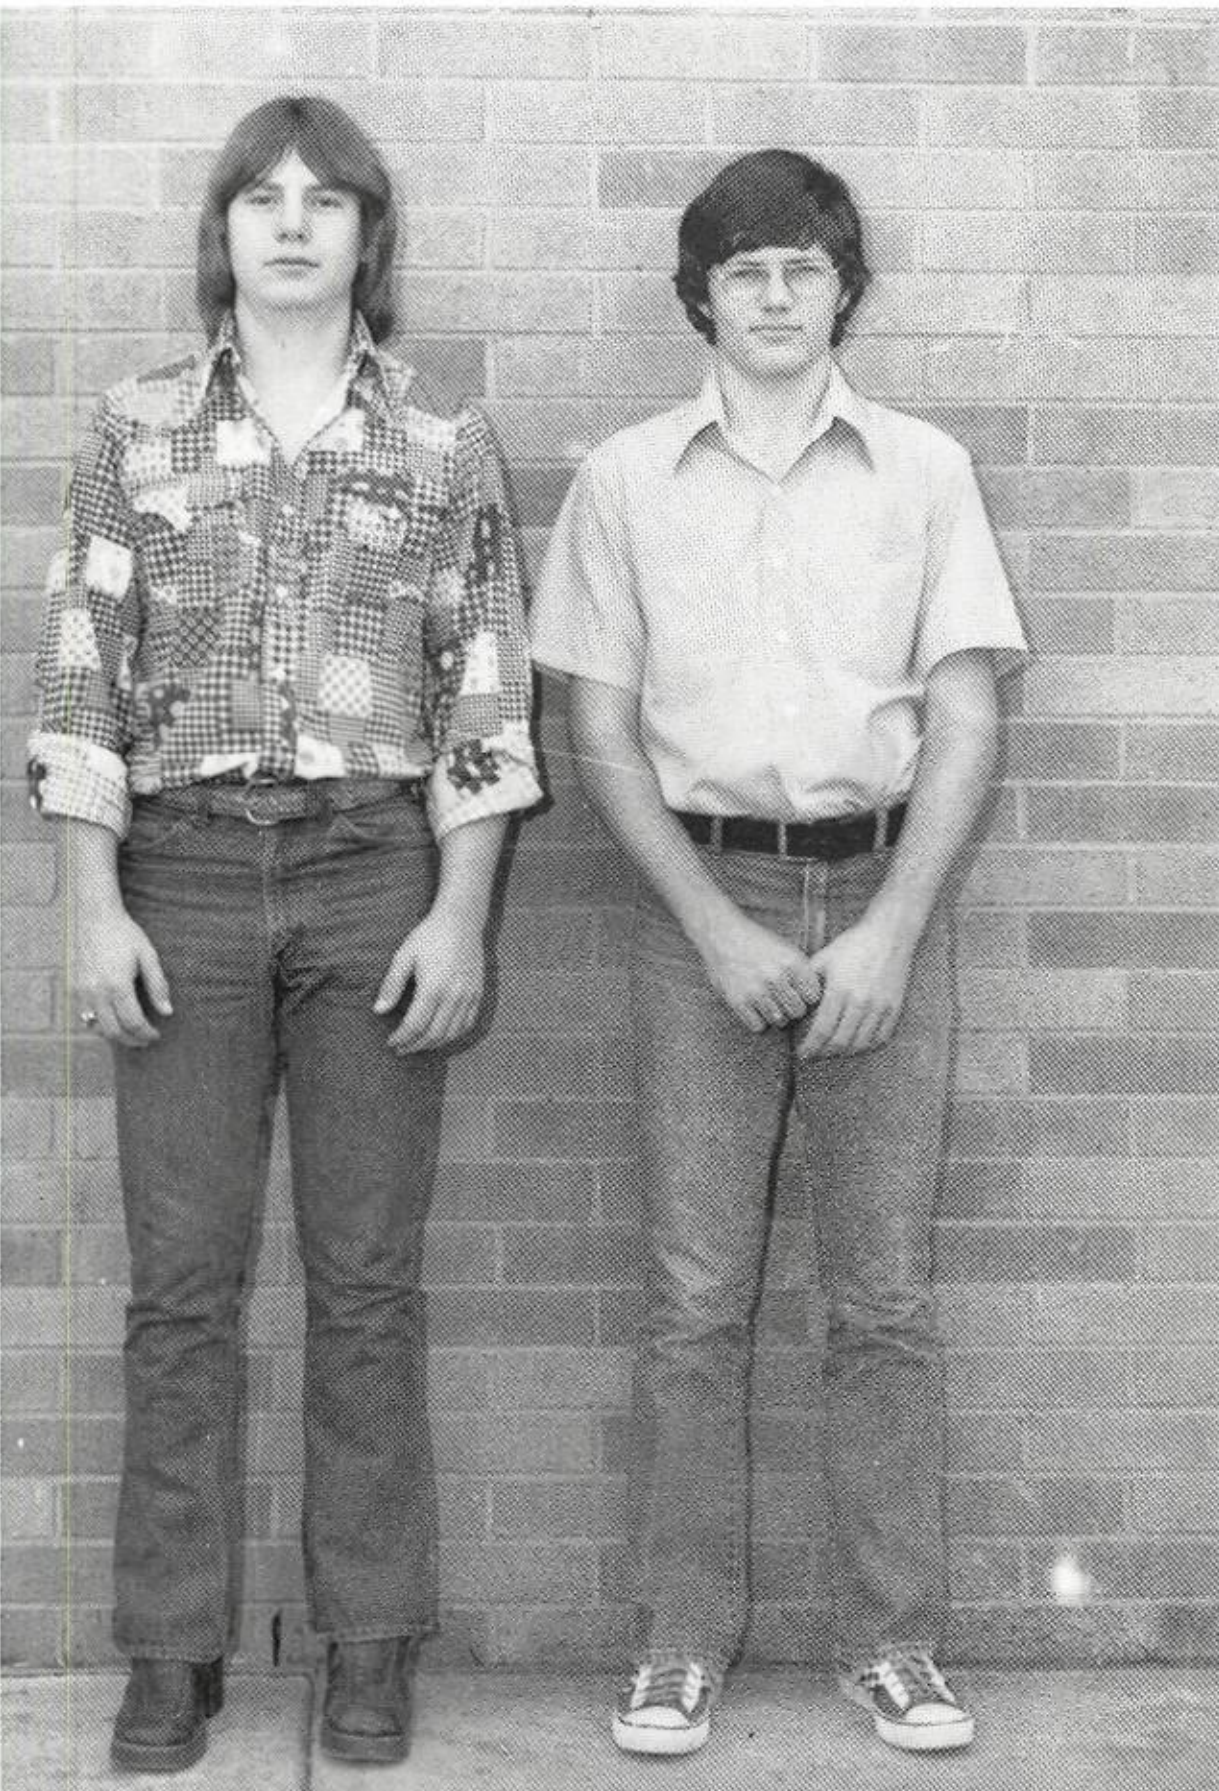

Get away!

On guard!

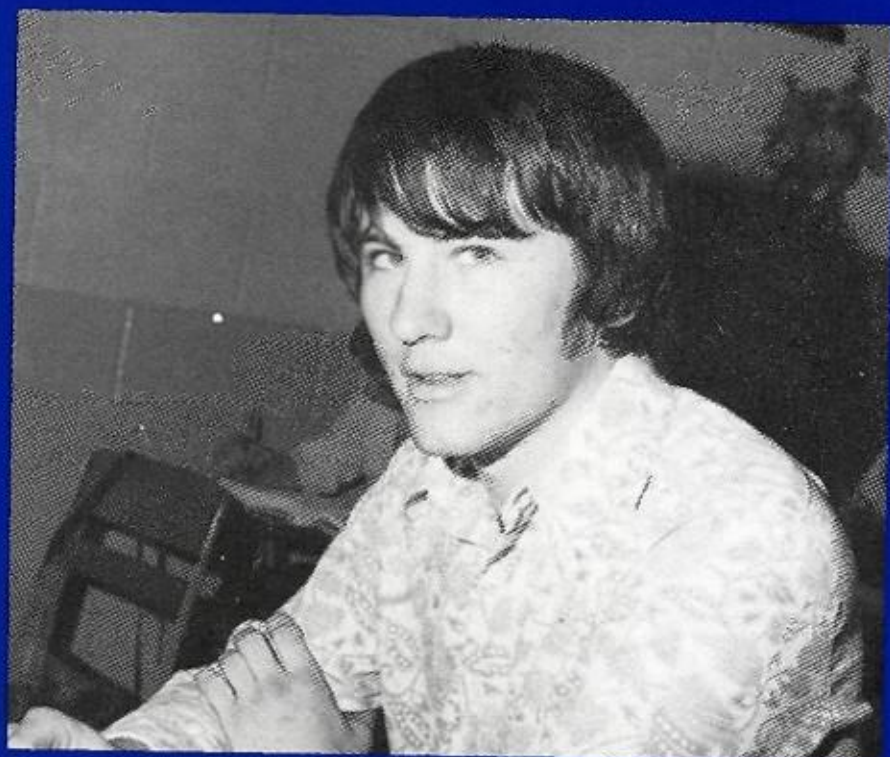

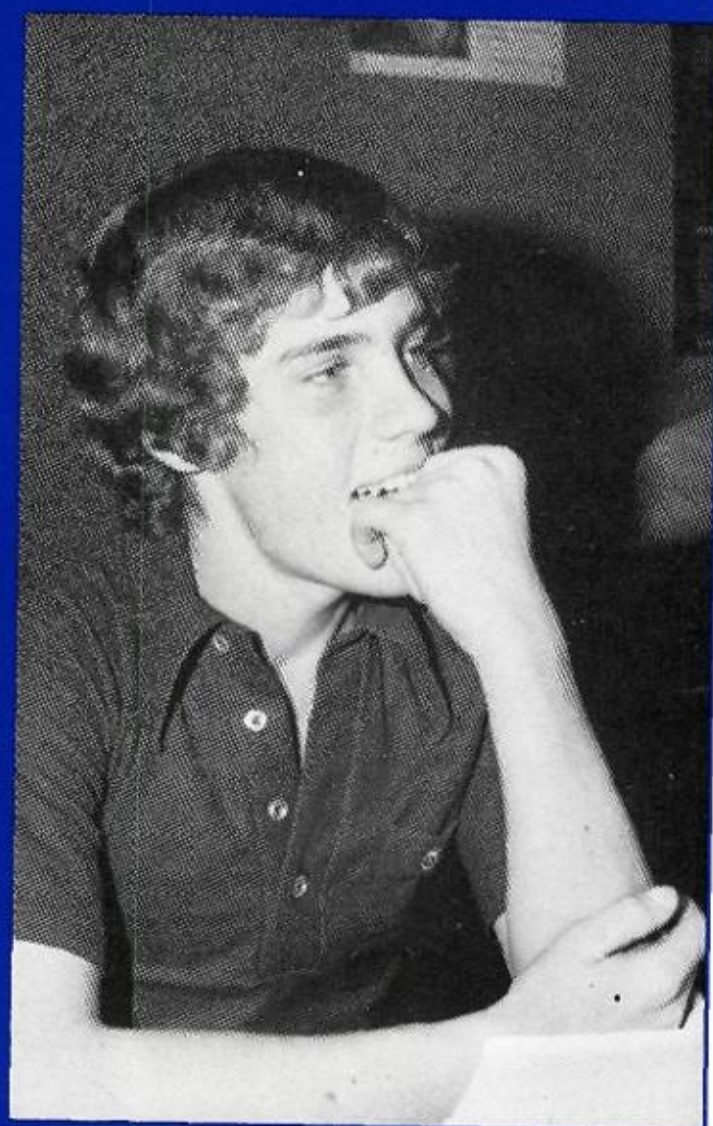

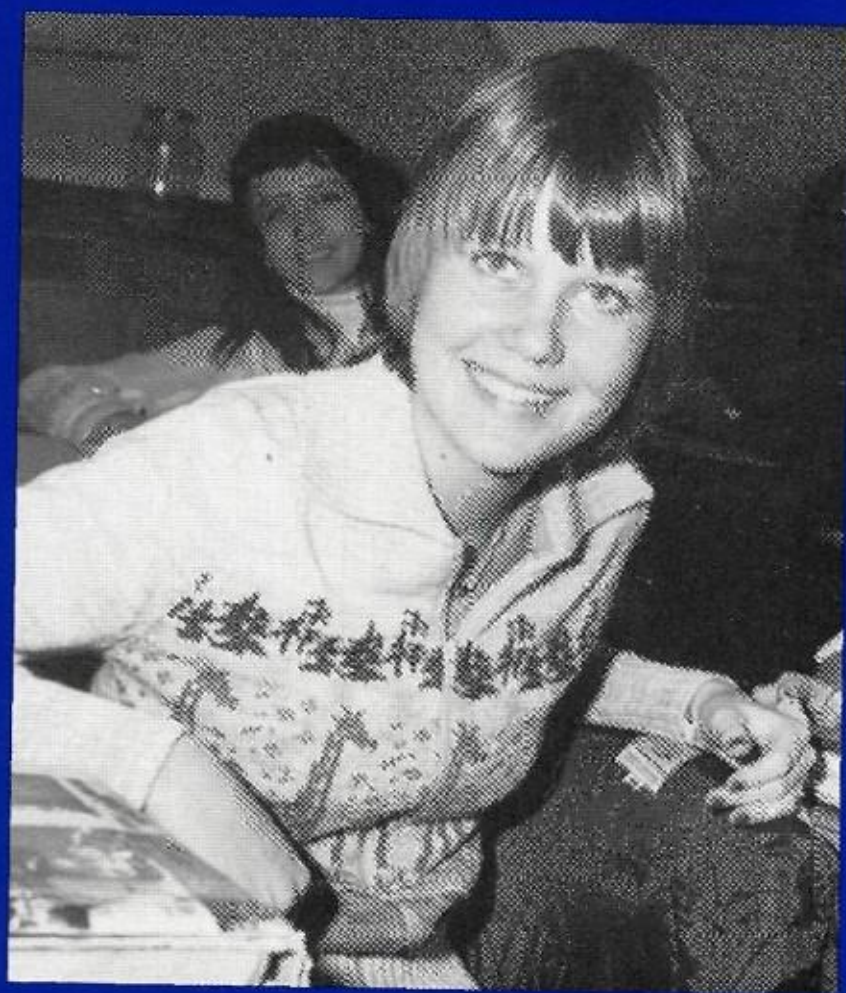

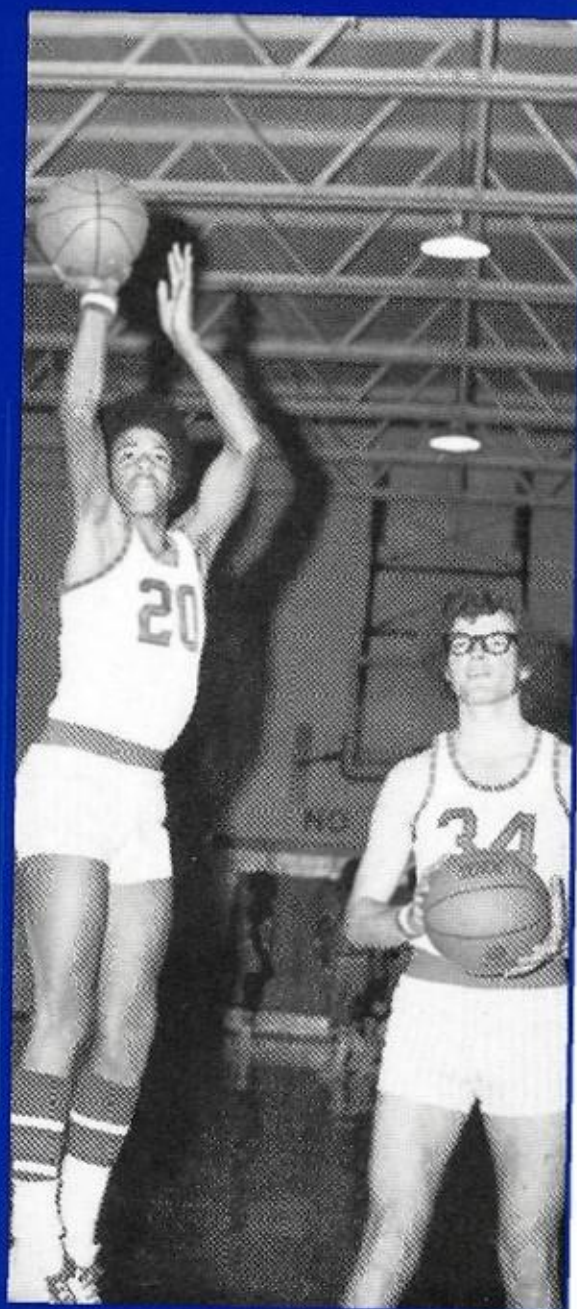

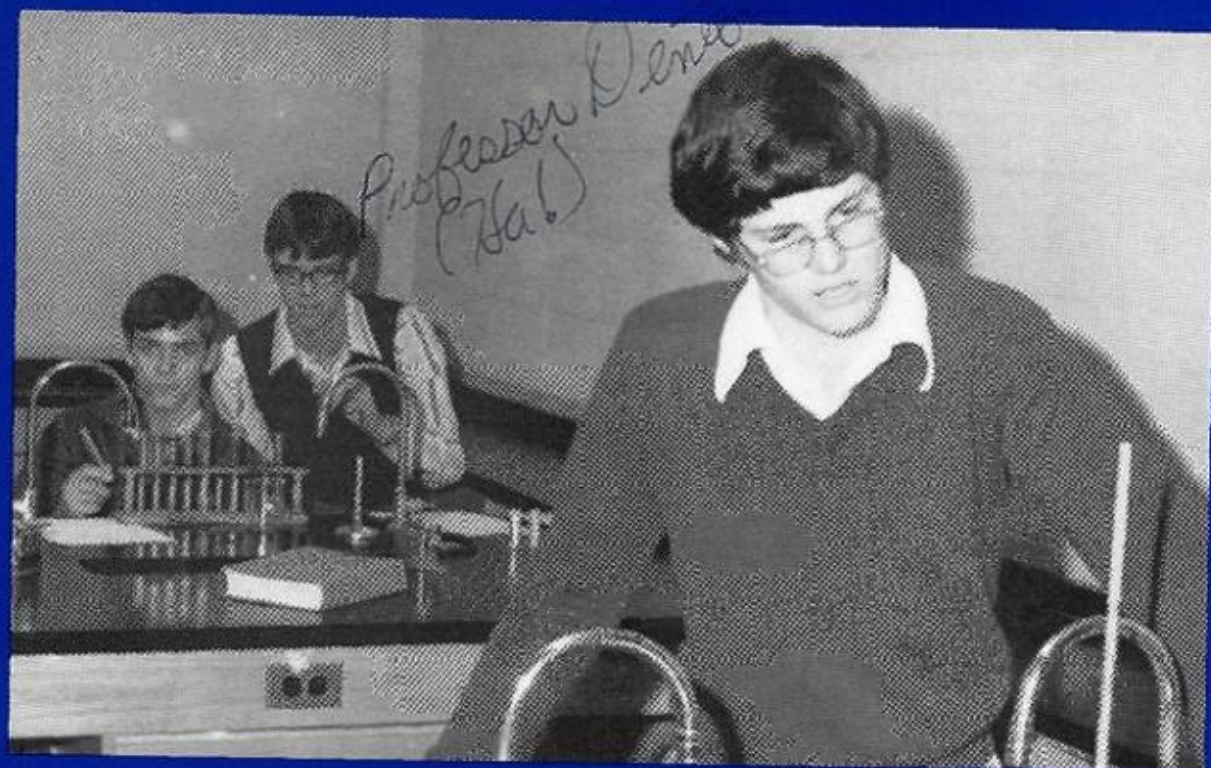

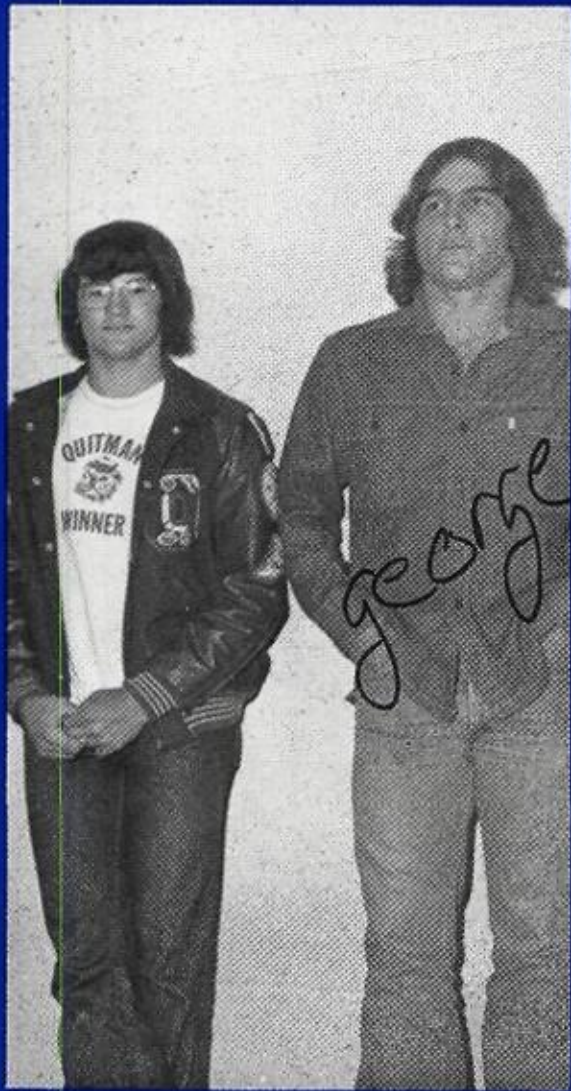

Ready!!

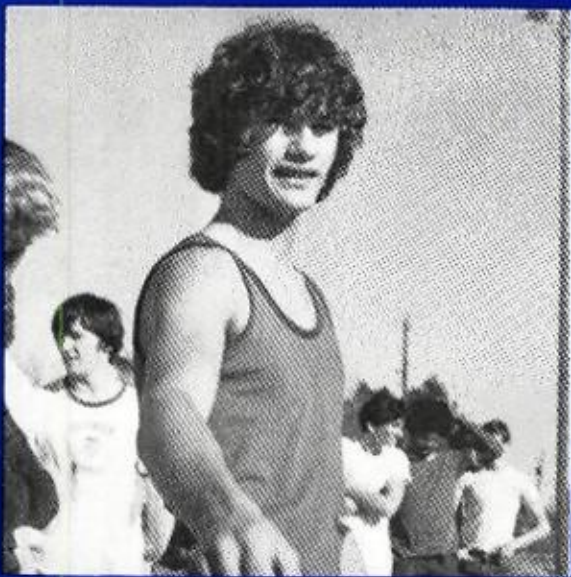

GOLF

The entire golf team for 1976 is made up of Robin Ballard and Les Letsinger. Golf is, unfortunately, another spring sport which receives very little support. But unlike tennis, the team seems to be dwindling instead of growing. Part of the lack of participation and support could be because of the inconvenience in finding a place to practice. The nearest golf course is about ten miles away. Despite all the trouble, we know Robin and Les will do their best and have a good year.

RUNNERS-UP

There are seven favorite honors recognized in the GROWL. In order to obtain the title "Most Likely to Succeed", a student must be a senior and gain the majority of votes from the senior class.

The title of "Mr. and Miss QHS" is open to any senior who wins the most votes from the high school body.

All students also nominate and elect "Most Beautiful and Handsome", "Best All Around", "Cutest", "Friendliest", "Most Energetic and Athletic".

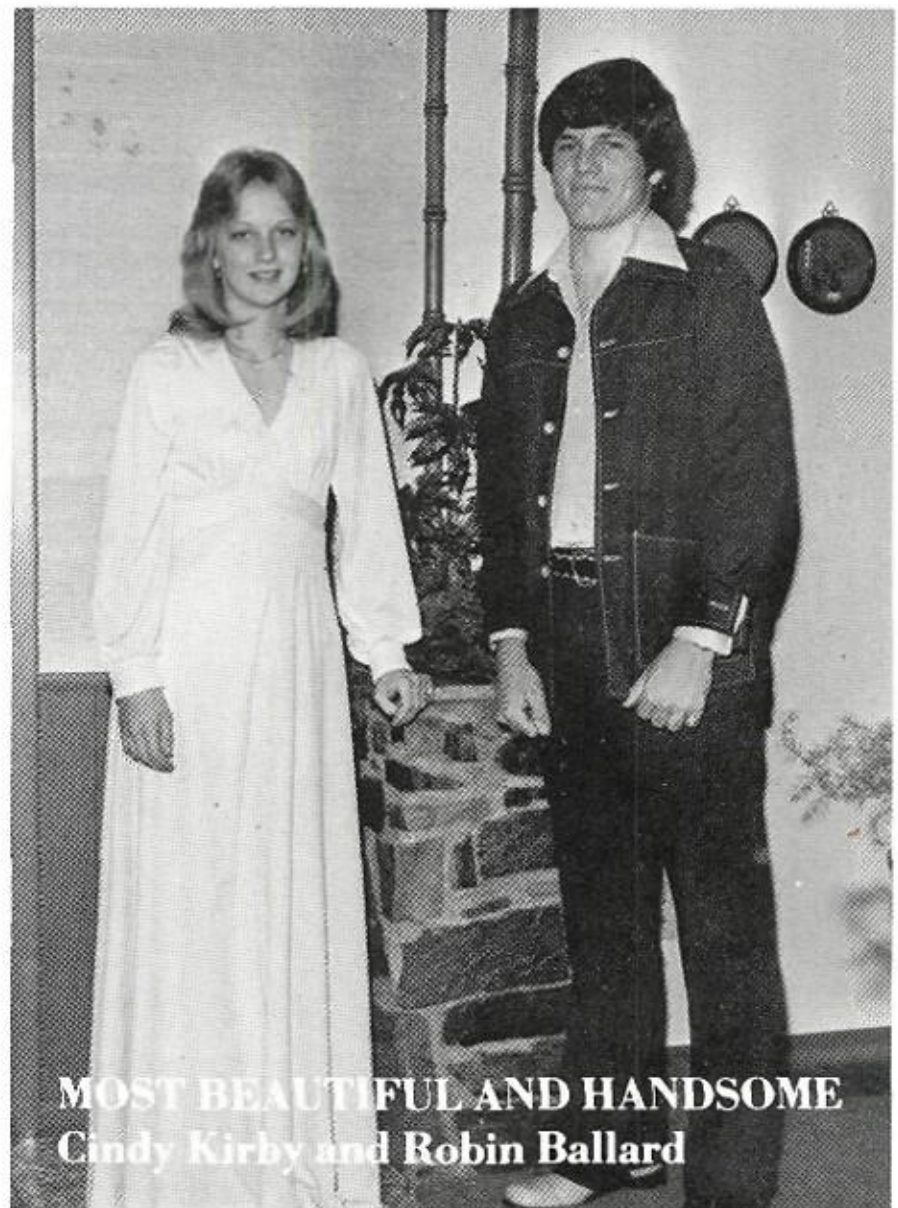

Those receiving next highest votes are recognized as runners-up. These honors were elected before Christmas of '75.

Kinda,

You have been a very dear and special friend to me and you have taught me a lot. Although I may have appeared stuck up this year I haven't meant to be. I still have a lot of problems that I'm trying to work out. I know you will understand. I have never forgotten all of the good times we had last year. No matter what becomes of us in the future I hope you will always remember me as I will never forget you. May you have the best things life has to offer.

 Ok, well, I hope you enjoyed QHS more than I did. I rather have stayed in Dallas, but you better take care of Max, he needs somebody to do it for him. Be real good.
 Love Ya,
 Jay

The 1975-'76 year rapidly draws to a close and the seniors realize that their final days at "good old Q. H. S." are near. The year has been filled with multitudes of activities. Each day has had some reward for every student.

As memories of past friendships and good times ramble through each person's mind, an emptiness and a sadness flow through the heart. Life at Q. H. S. is something that each senior will never forget.

Memories will be lifelong.

Sinder,

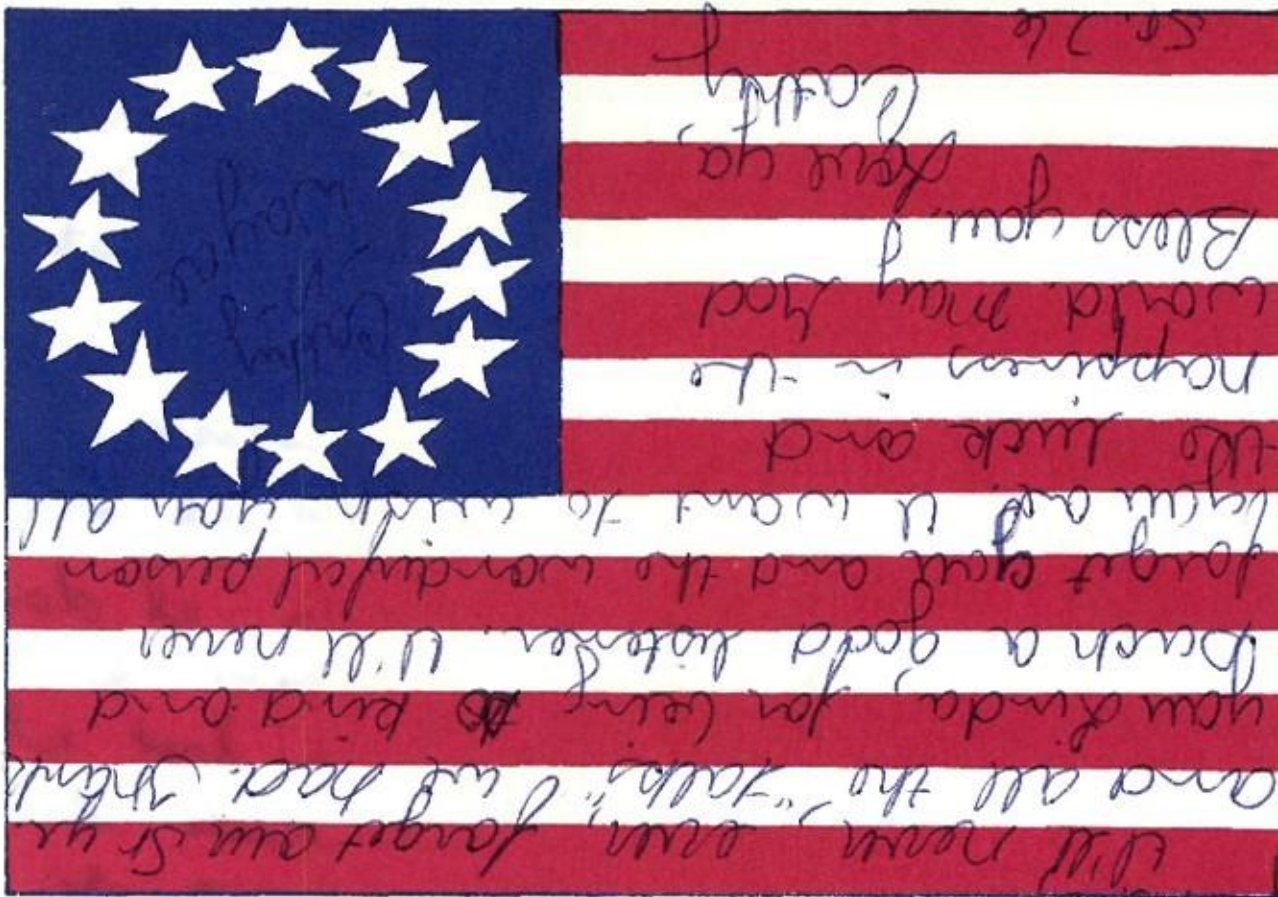

To one of the very sweetest girls I know, I wish for you the very best of happiness always, especially with Max. He is a fine guy that I would do anything for!! Keep your sweet personality and you will go far in life!! Best wishes always Love, Jerry Asbill

Linda,

You are the sweetest, dearest, kindest and cutest chick I have ever known in my whole life. You came to me at a time that I was confused and you helped to set me straight.

Babe, I love you more than anything and I really know that you love me to. We have done so much to show each other this and I have never been so happy in my life. Linda, I don't think that I could live without your sweet smile, gentle face and understanding eyes, but I don't think I will have to. We have had a lot of fantastic times together and I am so sure we will have many many more. If everything work right, and I will try my best to make it, November 5th will be the most beautiful day of my life. Good Luck & may God Bless.

A
YEAR
TO
REMEMB

Linda,
 a real sweet
 friend I have really
 had fun getting to know
 you. I've had a ball in book-
 keeping. I even never forget you.
 you help make this year a year to remember
 for me. I may not have a chance again so
 I do it now. I wish you & Max a happy future
 together. And you & Selinda this summer. You always
 have a special place in my heart. I'll always think
 of you time to time. After school is out I hope you will light
 to come. Hope you and Max have a wonderful marriage together. You
 have meant a lot to me. When I come back to Auntie some day
 someone is else life in my place. I hope for everything!
 See you around. When I find you and your family (someday will be far off) happy
 I hope I find you

Love Ya
 Becker
 (thanks)
